MISSION STATEMENT

To Combat Human trafficking through Rescue, Prevention and Rehabilitation so as to reduce Human trafficking and sex slavery and increase awareness.

Commented [DG1]: NO need rehabilitation

Message from **The Founders**

The COVID hit has been one kind of challenge to all of us and to bounce back from it's impact seems an ongoing challenge. It has impacted us to a great deal, one third of our donor base is reduced resulting to a significant financial constraint, consequently, demanding to reduce our human resources on the ground and to maintain our goal of not adversely impacting any of our beneficiary is a huge challenge

Despite the huge COVID impacts, I am amazed to see the results for this year again with thousands of lives been rescued and intercepted from being trafficked to a hell life compulsion. 150 rescued children continue to enjoy safe and protective life in 3 Angels Children homes, although, 50 out of 150 children are still unsponsored. Over 1.5 million radio audience engage actively with us. Over 800 women graduated from our Women Safe Haven till date are now actively involved in micro businesses and dozens among them are now entrepreneurs themselves. I am also amazed how quickly we have forgotten the bad past and are moving forward with so much of energy and positivity even amidst the ongoing challenges.

Having said this, as a founder and CEO, I can't thank you enough for the role you are playing to save lives and make this world a better place for them to live with hope for a better future. Regardless, what may come tomorrow in this uncertain world, you fought the battle with us in rescuing these lives whose lives are at stake without you.

We can't forget the tireless efforts on the ground by our amazing and fully dedicated team, and your generous support, these amazing results wouldn't have been possible if it wasn't for you. And therefore, as a CEO my heart is overwhelmed with joy and gratefulness to you and our amazing team on the ground for the outstanding roles played.

We highly value you and appreciate your continued support in the journey and hope to continue working together to Love PEOPLE and help PEOPLE.

Sincerely,

Anti-Human Trafficking

4837 Rescued / Intercepted

When 3 Angels Nepal frees someone who is already a slave has been trafficked, it is termed a Rescue. This is done through hotel raids, investigating at border monitoring posts, and rescues with the aid of informants, whether inside Nepal or outside the country. When staff determines that a vulnerable client has too many risk indicators around her circumstance actively being trafficked, this is when an interception takes place.

Women Safe Haven (WSH)

167 young women sheltered and empowered

Service Provided

Safe and secured home
Psychosocial Counseling
Medical Care
Special Care
Legal aid

Training offered

Tailoring
Garment
Bakery
Beauty Parlor
Special care

Rescued adults take the route of life skills and vocational training whereas the rescued children take the route of being in 3 Angels Children homes. Our safe haven is not only accessible to women who have been trafficked; but also a shelter for those acutely assessed cases by the province government. Our safe haven fully meets the government standard and therefore, partnered with the province government. 167 women this year have been graduated and are safely rehabilitated back to their community of origin.

Success Story

Angella is from Kohalpur region with the family of four. Her husband works at the art shop while she works at a beauty salon. The family had to endure hardships because they lacked ownership of the business.

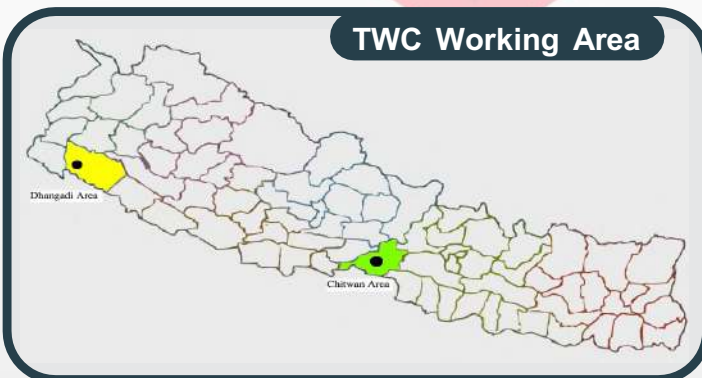

Three years ago, Angella was engaged in the women empowerment group of 3 Angels Saving and Credit Co. She had highly benefitted from the "My Business, My Freedom" program and easily repaid her loans. She is the proud owner of her Beauty salon.

Angella is one among more than 20 successful entrepreneurs under our care and support.

TWC The Widows Cause

105+ Women Empowered

The Widows cause Microfinance Project is currently helping widows in two different communities of Makwanpur Districts and Dhangadi district through micro loans. Most of these widows or single women belong to one of the marginalized, ethnically and economically challenged ethnic group called Chepang. The lack of easy access to education, health care and other opportunities have made this community vulnerable to trafficking and other domestic violence. Some of our children residing in homes are rescued from this community.

Testimony

"I like to listen to 3 Angels Community Radio while I am making goods out of bamboo".

For Prem Bahadur Budha, 3 Angels Community Radio is not only a medium of information and communication, but also a close friend. He makes handicrafts and tools of chhoya (Bamboo) and sells them. It has only been a year since he moved in to Pokhara in search of a market for his goods. While surfing channels on the radio, Nepali daughter program and 3 angels hearing had made a good impression on him as he is aware about the current situation of trafficking, and all the unique information from our channel.

1st Graduation

It was a proud moment for the entire 3 Angels family to celebrate the 1st batch who graduated from their year 12. Most of the students were the rescued ones from the Badi community. Our founder and CEO Rajendra couldn't stop his tears throughout the program as he flashed back how these kids were rescued 15 and 16 and 17 years ago. And how these kids performed and spoke very highly about being in 3 Angels and all the love and care that they received will be missed by them
