## The story of Mr. Peter Sandy

### Early Involvement

Peter Sandy first became involved with Rajendra through the Asian Aid Organisation, stepping into his life as a mentor and sponsor. From the beginning, Peter approached this role with genuine care, not simply as a supporter, but as someone who encouraged, guided, and invested in young people's potential.

### Supporting the Ministry

As Rajendra completed his schooling and moved to tertiary studies, their relationship deepened. When Rajendra and Sarah relocated to Pokhara, Peter and Fiona continued to provide support, nurturing their fledgling ministry. This eventually led to the creation of **3 Angels Community Radio**, a platform dedicated to community service.

### First Visit to Nepal

Peter and Fiona first visited Nepal in 2011, and were welcomed into the 3 Angels community as family. Since then, Peter has actively promoted the work of 3 Angels Nepal, especially from Australia, dedicating time, resources, and influence to advance its mission.

### Leadership & Vision

Earlier this year, Peter was invited to serve as the **International Board Chairperson**, entrusted to strengthen the organisation and represent the cause of combating human trafficking. He steps into this role with hope and determination, aiming to create a world where girls and women are protected, empowered, and treated equally.
